Visit Cookevillecavaliers.com for the following information and more:

Cookeville Cavalier Parents / Guardians,

The PowerSchool Parent Portal is an easy-to-use web-based tool for parents and guardians that provides secure, near real time information about your child's grades, attendance, class schedule, demographic information, and more.

Please follow the link below to create an account to access your child's information.

<https://pcsstn.powerschool.com/public/>

How to Create an Account

The first time, you must create an account using the school's assigned Access ID and Password from a letter sent home at the beginning of school. Your school can also help you with this information.

Things you will need to create your account:

- District Code BQHG is the 4-digit code for Putnam County School System
- The secure access ID Access- this ID comes in a letter from their school within the first nine weeks or parents/caregivers can contact the school.

Get started by clicking the log-in page. *Tutorial videos are also available on the log-in page.

I have an account, what is next?

Once you have created a login, use your User ID and Password when you log in each time.

How To Add Student and 5 Enrollment forms for new students.

Setting Up Automatic Reminders:

1. Once you log in, choose Email Notifications on the left.
2. Click each box with the information you would like to receive, how often and to what email address.
3. Click submit.

PowerSchool Mobile App

1. Install App (Apple or Android)
2. Enter District Code BQHG is the 4-digit code for Putnam County School System
3. Login using the Student or Parent username and password.

Troubleshooting:

Having issues logging in? It may be that your email is already tied to a PowerSchool account.

Please contact your school to have your password reset.

Mobile App: If parents/caregivers are having issues with the mobile app (seeing last year's info, etc.), they need to delete the app and reinstall it. The old app is being directed to the old URL so a reinstall should fix the problem.
